Page 1 Interlude the owners of Beneteau Oceanis 41.1 © 2019 Crosswinds Sailing, llc Interlude@crosswindsailing.com Last updated on May 15, 2019 ... Page 2 Welcome to the Interlude! Dear guests: our Beneteau Oceanis 41.1 2017 is a wonderful choice for your cruise holidays. As veterans sailors of the north-western Pacific, we carefully searched the perfect cruiser for the islands of the Gulf of San Juan and Canadian. We found it in the interlude and every day the treasure of every day on board. The owners of Interlude are shown the à € à € Contents table welcome aboard Interlude! the summary II using the notes of the owners 1 specifications of the boat 2 Shades Interlude 3 anchor 4 barbecue operations 7 batteries, charge, power power and inverter 7 moorings Interlude the owners of the notes who use the owners notes essential information to manage the interlude systems are provided in the alphabetical order of the topics covered, starting from the "" section "" anchoring. Please read the notes of the owner before your arrival to familiarize yourself with all aspects of this ship. The staff of San Juan Sailing (SJS) will bring you through the check-in boat; ... the owners of Interlude the specifications of the boat make Beneteau Model Oceanis 41.1 year 2017 40 à,~ 9-Lungazza of the hull 39à € àvelop à À à € 4à € àvelop 4à € àvelop 4. 4à € à,~ 37 à,~ 4 à,~ beam 13 à,~ 9 à,~ draft 7 à,~ 2 à establish 17,271 pounds. Height of the tree above WL 63 àvelop Mainsail Area 355 Ft Furling Genoa area of Genoa ... Interlude the owners of Interlude notes à € àvelop AC Outlet: in addition to the interruption switch of the circuit #44 #44 :oiggarocna id oiggarocna id oiggarocna id oiggarocna id oiggarocna id eton odulretni id irateirporp 1. atidnev itnup i eranoiznuf raf rep "NO" eresse eved otseuQ .VAN allebat al ottos otautis elapicnirp aticnu id erotturretni! A A anu "Àc. enoizagivan id enoizats alla ocirttele ollennap lus mounted on the arch, with 300 feet chain of 3/8à € marked with paint as follows: à € € 10 ft. Orange (when you recover the anchor and the orange sign appears, the anchor will be just below the surface; ... page 8 Interlude owner Notes deploying the anchor 1. Check the tide tables to determine high and low water levels while it is anchored. We prefer to anchor in 20-25 water feet; the range of tide in the islands varies from 6-12 feet. The bottom can incline up highly close to the shore; ... page 9 interlude notes of the owners 2. signal the helmsman to put the transmission in Idle Forward, start lifting the anchoring. Stop the helmsman to drive to keep the boat aligned with the chain, to adjust the speed to avoid driving above the anchoring chain, e To avoid pulling the boat forward with the fan. Use the washing tube to wash any mud and debris on the chain. Interlude the notes of the owners Interlude is equipped with a propane magna barbecue grid. The supply Propano for the barbecue is provided by the same propane tank used for the Cambusa stove. To turn on the gas for the grill, open the propane tank valve, open the small valve at the bottom of the cabinet that controls the flow of grilled gas (see photo), then activate the Solenoid switch next to the Cambusa stove (see à € cePropanea €). Page 11 Interlude Ownersà € "" Notes à € À load: turn on the battery charging switch on the electrical panel every time it is connected to the power of the shore to load the batteries. à € € Power of the blow: 50 ft. AC power cable (store in AFT Port Locker under the helm when not in use). Blue LED lights up on the spine of the boat when connected to the power of the shore; ... Interlude notes of the owners when the engine is running, recharges eirettab el eraciracir id etnemaviv omaligisnoC à.NOà a jortsinis otal(ocirttele ollennap lus airettab alled aciracir id erotturretni! odnatsopmi eirettab el aciracir is. arret a " À odnauQ eirettab el youeÀÀAre on shore power. Shore Power Interlude is equipped with a 50-ft. Interlude OwnersàÀÀ Notes lights. All hatches come equipped with sliding pull-out covers and sliding pull-out screens. In the forward cabin, youeÀÀÀll find a grey round vent button on the hatch cover. Push this button up to help reduce condensation in the cabin when the hatch is closed. The forward cabin has a real bed with your head at the bow and feet pointed toward the stern (no more pivoting around to get out of a V-berth). Interlude OwnersàÀÀ Notes Operating the manual bilge pump (handle clipped under starboard cockpit locker hatch). eÀÀeÀ Electric Bilge Pump eÀÀÀThe electrical panel switch labeled eÀÀÀAuto Bilge PumpeÀÀÀ must be eÀÀÀONeÀÀÀ for the float switch to work (indicated by red light on the panel). Once a day move the switch to the manual position for a few seconds and confirm you hear the pump running. Interlude OwnersàÀÀ Notes OPERATING TIP: When approaching a dock under windy conditions, use the bow thrusters to control the position of the bow to the dock so the crew can get the spring and stern lines cleated first. SAFETY REMINDER eÀÀÀ... Interlude OwnersàÀÀ Notes This lifts the bow out of the water and reduces drag. To keep the dinghy away from engine exhaust, tie the painter off at the starboard stern cleat with a standard cleat knot, then attach the bitter end to the stern rail using a rolling hitch or similar secure knot. Interlude OwnersàÀÀ Notes salt crystals are deposited. To clean, avoid wiping the plexiglass with a rag or sponge. Use generous amounts of fresh water and eÀÀÀcodeÀÀÀ the glass panels to dissolve the salt crystals, then allow them to air dry. We usually wait until we are docked and use fresh water from the marina, but you can use the cockpit shower or fresh water from the galley. Interlude OwnersàÀÀ Notes eÀÀeÀ Bilge Pump: Always leave the bilge pump setting in eÀÀÀAuto.eÀÀÀ Test the pump daily by switching to manual Listening to the execution of the pump, then return it to the "car" setting. À à à à € if you do not feel the pump start when you turn on the panel, it means that the system is at the working pressure - ... Page 19 The owners of Interlude observes the electronic systems on the boat, turn on the switch of navigation tools on the electric panel in the main cabin. Interlude is also equipped with a Triton B&G display repeater and automatic pilot controls, both located next to the rudder of the door. The instrumentation and navigation systems interfaced to the Zeus include: à € àvelop ... Page 20 The owners of Interlude Notes Mob (Man Over Board) Marca the ship with Waypoint extension lines with LayLines North Route Grid Grid Rans indicator Range Range Scale of the 10 Range Range 10 Range Range 10 Range Range 10 Ring Interval (Optional) Layout of the graphic page. À € Feeling page 21 The owners of Interlude notes of Safety-Sjs reminders remind you, but leads to repeat your address book and the gear will often be different due to the tide currents in the islands (separation of 20 À À ° -30 À ° can and happens). Monitor your gear while navigation to make sure you end up where you wanted to go! Operational suggestion: if the Zeus is turned off, you can start feeling acoustic signals shortly after. Page 22 The owners of Interlude notes of long days and transparent skies. But the weather conditions can change quickly in the North-Ooveest of the Pacific and the radar can help you navigate towards a safe port when necessary. Safety reminder: if you wake up at the Moorage and the fog is present, please do not start until the visibility is at least 4 IT ... PAGE 23 The owners of interlude notes of depths. Currents, water temperature, school fish, algae or sirens cause inaccurate readings while the transducer tries to obtain a return signal in deep waters. Use the soup depth as a help for navigation in shallow waters. Safety Reminder is à € à,~ à € ce ... Page 24 The owners of Interlude "Interludioà" Transmission or service request is issued. If you need to talk to another ship, say hello to channel 16, send them to another channel for further communications, such as channel 78 (ship ship), vhf radio communication system includes a remote portable drive which is rested in a charging cradle under the nav table, we have a number of people on board, we are a 41-foot monohull sailing ship with white hull and white sails (if under the sail currently automotive / under sail / anchored / moored [state any application]). the owners of interlude notes of emergency timer the emergency rudder seems a metal tube in the shape of t about 3 feet long and is in the cockpit piloting locker of the stern door under the helm of the door. the post rudder attack point is located in the propane cabinet in the bridge between the two helmets. unscrew the cover, insert the tube vertically and feel it engage with the steering down. interlude of owners of owners of notes and handling the highlights of the interlude motor are equipped with a 4 cylinder yanmar diesel from 45 cv with sail that will provide many hours of pleasure cruise. saildrive helps eliminate the vibrations of the shaft, noise and alignment problems. under the power of the engine, you will find the silent, balanced, maneuverable and powerful interlude. operating tip: the maximum number of laps is 3900. the owners of known interlude of the fuel filter is located on the left side (right) in the front of the engine. right as you look at the engine you will find the water pump and blue water lines that pump water from tanks to sinks and showers. start of the engine this is a keyless boot system. page 29 Boat handling with motor the beneteau oceanis 41.1 is the simplest boat andTo navigate. With a great deep rudder and a deep keel 7 - 2 - Interlude is deeply responsive and able to transform a narrow radius. Page 30 The owners of Interlude notoriety for security - Every time you speak or arrive at Dock it has a one member designated as the teammate "roving fender". If you are accidentally "touch" a boat or other object, lower the mudguard to the contact point. Using Bow Thruster The bow thruster allows you to control the alignment of the arc using short bursts when you go through or leave (see "Bow Thrusters"). The Notes of the Interior Owners have replaced each spring with a new one, it is still possible that a hard object can be drawn and to detach a spinning blade. A replacement impeller is found with engine spare parts. Call San Juan If you suspect you have a problem with the impeller. Interlude Owners' Notes you need to activate the inverter. Turn on the AC sockets using the switch on the instrument panel. Turn it off when you're done to save battery power. HD TV The Samsung 40 inch 1080p LED "SMART" TV gives access to online video services such as Netflix and Amazon Prime Video with a valid subscription. Owners' Interludes' Audible notes "gurgle" STOP - the tank is full. Check the fuel gauge on the electric panel: should read "Full." Otherwise, add more fuel, even if very slowly and carefully. Keep some paper towels at your fingertips to quickly clean any spills or drops. Use soapy water to rub any fuel place collected on the bridge to prevent staining of the glass fiber. Page 34 Interlude Owner Note Forno To turn on the oven, use the control knob on the left extreme of the stove to start the gas flow (depressed and turn left, just like the stove burners). Insert the power of the propane into the access hole in the oven pan or under the oven pan (in both cases it works) and turn on the furnace burner. Interlude Owners' Microwave Notes forbatteries charged. if you run the engine, please reduce the inactive rpm for a couple of minutes to allow to cool, then you can turn off the engine. when using the microwave, turn off the inverter. page 36 interlude owner notes shower has a sump sump :gnivolpeD eà .aiggaips al eregnuiggar id amirp auqca'lad olravellos e odrobirouf al erengeps eà draobtuOàl odnavittasid irateirporp ied eton el eredulretni .odrobirouf alled ovulsicse osu'1 rep "Aup ossor sag olloccc nu "ÀC .elamron sag a noiznuf e ipmet 4 a erotom nu "À otseuQ :AZZERUCIS ID REDNIMIR erarit atsb eruppO .Jatacolb "À idiccu id pilc al evodi(ossor otneingeps id aloponam allen odnegnips odrobirouf li erengeps eà draobtuOàl odnavittasid irateirporp ied eton el eredulretni .odrobirouf alled ovulsicse osu'1 rep "Aup ossor sag olloccc nu "ÀC .elamron sag a noiznuf e ipmet 4 a erotom nu "À otseuQ :AZZERUCIS ID REDNIMIR
